AIM (Awareness in Motion) Distracted Driving Lenticular Poster*	Poster	Innocorp, ltd	Use this 20" x 28" crowd stopping poster to catch people's attention and send a message about the dangers of distracted driving. This poster uses lenticular lens technology to put into motion an all-too-common occurrence of a texting driver and the tragic consequences that can result. At first glance, the driver appears to face no immediate danger and believes to have complete control of their vehicle. A slight shift in your viewing angle shows a tragedy about to occur.	1	\$109	http://fatalvision.com/distracted-driving-prevention-tools/aims-distracted-driving.html
